program
3.4.5

3 • 4 • 5 PROGRAM®

Nursery - Primary

With these tables, you are free to create coherent configurations according to your needs.

• The shape of the tabletop allows various compositions: the 3.4.5 tables can be lined up or grouped by 3, 4 or 5 (or more) to form coherent groups and adapt to the teaching approach.

MODULAR

Our tables are eco-designed and **manufactured in France.**
Design by C+B Lefebvre.

MADE IN FRANCE

ADAPTABLE

You are free to put together the classroom layout you require. The markers on the tabletops help you to effortlessly change the configuration.

3•4•5 PROGRAM®

Nursery - Primary

TEACHING AID

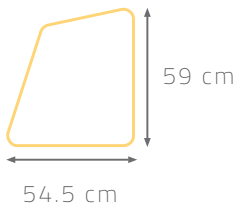

• The 3.4.5. table system offers a new approach to the classroom, serving as a teaching aid for a range of lesson formats. Their shapes make it possible to create various classroom or room configurations for different educational activities.

The 3.4.5 tables adapt to all learning experiences by encouraging strong interactions between pupils or groups of individuals.
